專案經歷

訓練與發展專題報告-設計『問題分析與解決』課程

2024年12月

- 設計並執行課前/課後問卷調查（回收率100%，N=9），依數據結果識別學員需求，調整教材內容與案例設計方向
- 與團隊設計「8D問題分析法」訓練課程（涵蓋問題界定、根因分析、對策制定等五大模組），並實際帶領課程教授9位學員
- 主要負責簡報教材製作與教學內容視覺化呈現，將抽象方法論轉化為易理解之圖像化教學架構

員工協助與職場健康專題報告-企業EAP數位轉型提案

2025年12月

- 針對學長姐任職公司需求，識別傳統EAP痛點（離職率12%→21%、使用率不足5%），設計並開發員工協助數位平台原型，涵蓋諮詢預約、數位課程、活動講座等四大模組
- 透過與企業窗口多輪溝通確認需求，將方案由「被動諮詢」重新設計為「主動融入」之去污名化體驗，並產出員工體驗平台DEMO進行提案展示

PROJECTS

Training & Development Project – Design of “Problem Analysis and Solving” Dec 2024

Training Course

- Conducted a pre/post-training needs assessment with a 100% response rate (N=9) and identified learners’ needs and skill gaps to guide course content and case design.
- Designed a training course based on the 8D Problem-Solving Method, covering problem definition, root cause analysis, countermeasure development, and standardization, and delivered the training to 9 participants.
- Developed visualized teaching materials and converted problem-solving methods into easy-to-understand visual learning content to support learners’ understanding.

EAP Project – EAP Digital Platform Proposal Dec 2025

- Analyzed the needs of a company where senior students worked and identified pain points in its existing EAP program, including an increase in turnover from 12% to 21% and an EAP utilization rate of less than 5%.
- Based on the identified needs, redesigned the traditional passive consultation model into a more proactive and accessible approach, and developed an EAP digital platform DEMO featuring consultation booking, digital courses, and employee activities.
- Organized requirements, structured the proposed solution, and translated the solution into a digital platform prototype for the final project presentation.
